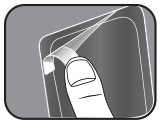
Stand

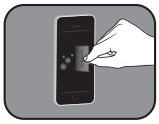
Application instructions:

1 Clean your iPhone 5 screen from dust, smudges using the cleaning cloth



2 Pull the red tab marked "Back" and seperate the protective film off the guard.

3 Gently apply the film to the screen starting from down to align the button and work your way up the screen.



4 Gently scrape the installation card to squeeze out the bubbles.

5 When finish applying pull the black tab marked "Front" off.

The Overt.iP5 is a stylus, stand and screen protector kit for iPhone 5. The stylus is specially designed that it could not only be used for touch purposes but also as a stand for your iPhone 5, and could be cling on the smartphone's audio jack. A clear screen protector is also bundled with it for a long term protection of your smartphone's screen.

- Stylus with stand design
- Precision touch with smooth surface glide
- Clear screen protector for long term protection
- Hanging strap and jack to attach Overt.iP5 to iPhone's audio jack.
- Fine microfiber cleaning cloth
- Made from metal, rubber, micro fiber cloth and thin sheet of PET material
