

Multi-level Universal Headrest Car holder for Tablet Devices

-  Multi level Headrest
-  7-10 inches Holder Size (7-10 inches)
-  Adjustable Padded Arms
-  Sliding Arms
-  360° Rotating Function
-  Easy Installation

The proHolder.2 fastens to the back of your car's front seat head rests via a multi-level rod clip mount, and securely holds your tablet between adjustable padded arms. The proHolder.2 comes with sliding arms that allow you to angle your device for the optimal position, and fits tablets such as the iPad that have measurements between 7 and 10 inches. The holder is quick and easy to install, and sits comfortably on the back of the headrest without any damage to your car's interior.
