

## Slim-fit Waterproof Case with Headphones for Tablet Devices

The snugMate.T is a waterproof case for storing any tablet device in and around water. The unique lock and clasp design means your device is protected from any splashes and is also 100% waterproof up to a depth of 30 metres. Its transparent front screen does not interfere with touch-screen responsiveness and it comes supplied with a pair of waterproof headphones allowing you to listen to music in complete comfort. Made of a durable PVC material that is easily cleaned, the snugMate.T also comes supplied with a heavy-duty shoulder strap for portability. For the perfect solution to protecting your tablet device in and around water, look no further than the Snugmate.T

Note: waterproof up to depths of 30 metres for 3 hours.
