

Ultra-thin Back Shell Case with Multifunction Stylus Pen for iPad2

The ultra-thin snap-on SmartShell.P is manufactured from high-impact durable polycarbonate, providing both style and protection for your iPad2. Designed with functionality in mind, the SmartShell.P comes with a unique suction-cup stylus attached by a built-in holder. The suction pads allow for a practical adhesive grip to the iPad2 screen, and the stylus had both a refillable ballpoint and a sensitive precession-touch nib for optimal glide.
